## **SPECIFICATIONS**

### **CHEMICAL COMPATIBILITY**

CPVC domestic water systems have been used successfully for more than 50 years in new construction, repipe and repair. CPVC products are ideally suited for domestic water applications due to their outstanding corrosion resistance. Occasionally, however, CPVC can be damaged by contact with chemicals found in some construction products (and site preparations). Reasonable care needs to be taken to insure that products coming into contact with FlowGuard Gold CPVC systems are chemically compatible.

Always check the FGG System Compatible Program and the list of unacceptable products at <http://www.fbcssystemcompatible.com>

### **HANDLING AND STORAGE**

FlowGuard Gold is tough, durable and ideally suited for plumbing applications. However, FlowGuard Gold pipe must not be stored in direct sunlight. FlowGuard Gold pipe stored out-of-doors must be placed under cover. FlowGuard Gold pipe when installed out of doors must be protected, as a minimum, by the application of latex paint.

### **SOLVENT CEMENT**

Use only CPVC cement conforming to CSA B137.6.

NEVER USE all-purpose cement, or joint failure may result.

For the most up-to-date chemical compatibility specifications, please visit:

## 25 YEAR LIMITED WARRANTY

Subject to the conditions and limitations in this Limited Warranty, BOW guarantees its FLOWGUARD GOLD pipe against defects resulting from faulty manufacturing for 25 years from the initial date of sale by BOW. BOW will not be liable for damages caused by raw materials or component defect failures.

Defects and failures must be reported to BOW within 30 days after such failure occurs. The claimant under this Limited Warranty will be required to return the product to BOW at claimant's expense for analysis by BOW. If the conditions of this Limited Warranty are met, BOW will ship, free of charge and freight prepaid, a quantity of product equal to the failed product or will reimburse the purchase price of the failed product at BOW's option. In no case, will claims for labor charges, consequential property damage or personal injury be honored.

This Warranty is the only Warranty made by BOW and is expressly in lieu of all other warranties expressed by anyone or implied, including implied warranties of merchantability or fitness for a particular purpose.

The Limited Warranty will only apply:

1. If the product is installed in accordance with good plumbing and heating practices, applicable code requirements and BOW's current published installation instructions and,
2. If the product is not misused, abused, kinked, mishandled, damaged, improperly stored, or improperly exposed to UV or exposed to excessive heat, cold or pressure or incompatible media
